

## 02. Setup Drupal 8 Backend

The screenshot shows the Drupal 8 administration interface. At the top is a navigation bar with links for 'Back to site', 'Manage', 'Shortcuts', and the user 'admin'. Below this is a secondary navigation bar with icons and labels for 'Content', 'Structure', 'Appearance', 'Extend', 'Configuration', 'People', 'Reports', and 'Help'. The main content area is titled 'Manage fields' with a star icon. It contains four tabs: 'Edit', 'Manage fields' (which is active), 'Manage form display', and 'Manage display'. A breadcrumb trail reads 'Home » Administration » Structure » Content types » Structured PDF'. Below the breadcrumbs is a blue button labeled '+ Add field'. A table lists the fields for the 'Structured PDF' content type:

| LABEL            | MACHINE NAME           | FIELD TYPE         | OPERATIONS |
|------------------|------------------------|--------------------|------------|
| Page title       | field_page_title       | Text (plain)       | Edit       |
| page_description | field_page_description | Text (plain, long) | Edit       |
| Resource Card    | field_resource_card    | Entity reference   | Edit       |
