03. Setup Drupal 8 Frontend

A. Create a custom node twig template for your content type

Example : themes/your_theme/templates/content/node—structured_pdf.html.twig

03. Setup Drupal 8 Frontend

B. Add custom CSS library to entity print.

Example : themes/your_theme/templates/content/entity-print--node—structured_pdf.html.twig

```
<html>
  <head>
    <meta charset="utf-8">
    <title>{{ title }}</title>
    {{ entity_print_css }}
  </head>
  <body>
    {{ content }}
  </body>
</html>
```
